GN 139. with Switch **GN 139.2** without Switch

Hinges with Safety Switch

Zinc Die Casting

G Ganter Norm®

Specification

- Zinc die casting Powder coated Silver metallic
- Pin
- Stainless steel AISI 303
- Load Rating Information → Page 2121
- Stainless Steel Characteristics → Page 2166
- RoHS

Accessory

- Cable with connector coupling → Page 1412 8-pin, 5 and/or 10 meter long:
 - GN 330-M12x1-8-G-5
 - GN 330-M12x1-8-G-10
- Mounting plates GN 139.3 / GN 139.4 → Page 1402

On request

- Hinges with operation angle > 0°
- · Hinges with other contact terminations

Information

Hinges GN 139.1 with integrated safety switches have been designed for monitoring doors and covers of machines and plants. Opening the door will activate the switch contacts which, in turn, will then e.g. interrupt a protective circuit via break contact (NC) and at the same time signal the door opening by closing a normally open contact element (NO). The contact blocks are fitted with positive opening slow-action contacts, i.e. they will definitely be separated when activated and have no hysteresis. The angle at which the switching points are reached are adjustable (see contact travel diagram).

Together with the integrated contact blocks, the hinges are a compact, easy to mount unit with an attractive design. The mounting from the back make the hinge more tamper-proof.

Hinges **GN 139.2** without switching function act as additional hinges e.g. for larger doors or gates where several hinges are required.

How to order (With switch)	1	I1
	2	I ₂
	3	Туре
GN 139.1-49-101-AK- 5	4	I ₆
How to order (Without switch)	1	h.

GN 139.1 / 139.2 Hinges with Safety Switch continued

Mechanical features Maximum load		-	_	_	
Information with safety factor	Load direction			F _{R90} ↑	
Examples of calculation	l ₁ = 49	1500 N	1000 N	1000 N	
→ see operating instruction	l ₁ = 79	750 N	500 N	500 N	
Fixing	from the back, 7 x	threads M5, 6 mm de	eep		
Recommended torque	5 Nm (Screws M5)				
Protection class	IP67 / IP69K acc. to EN 60529 (Mind the cable conduit!)				
Switching principle, contact opening	Slow-action contacts acc. to IEC 60947-5-1, K force-fitted, with positive opening				
Contact material	Silver alloy
